

Tahiti

Bonjour! Welcome to the island of Tahiti!

Tour dE SquareGator warms up this **Spring Break** by travelling to the beautiful, tropic island of **TAHITI**. Join us as we discover the rich Polynesian mythology which allures so many visitors to this mysterious and sun-filled paradise. Find out what it really means to "get away" on an island that lies thousands of miles away from any continent.

Our journeys will teach us about the pride the **Tahitian** people have in growing the diverse fruits that only their climate allows to grow. Discover the vast coconut groves where **Tahitian** children pick, open, eat and drink from this delicious and abundant fruit.

Learn why some beaches in **Tahiti** are covered in black sand. Find out how **Tahitian** fishing huts are built. Be amazed by the month-long celebration of "*Heiva i Tahiti*". Ponder what exotic treasure takes two years to make and was once worn only by Tahitian royalty.

So grab your snorkel, sip on a coconut, and join us on an exotic adventure you will never forget!
