Volunteer and Student Teacher Opportunities

About Us

The International School provides a warm multicultural environment where children are fully immersed in Spanish, Japanese or Chinese language and culture. Children become fluent in another language, at home in other cultures, and engaged in math, science, social studies and arts. The International School is Portland's first International Baccalaureate elementary school. It was founded in 1990 and today educates over 460 students from age 3 through 5th grade.

The International School seeks outstanding volunteers who enjoy working with children, exhibit patience, punctuality, maturity, and reliability.

Volunteer Job Descriptions

Language Immersion Classroom Volunteers – University students who are proficient in Chinese, Japanese, or Spanish may volunteer in a homeroom classroom focusing on the target language the volunteer is learning. University students should have obtained at least 6 quarters (or semester equivalent) of spoken and written study in the target language or comparable proficiency. Volunteers may work with students from 3 years old to grade 5.

English Classroom Volunteers – University students who have native level proficiency in English may volunteer in English classes from grades 1st – 5th.

Specialist Class Volunteers – University students who are majoring in Physical Education or Recreation may volunteer in PE classes from grades 1st – 5th. University students majoring in Art may volunteer in Art classes from Pre-K – 5th grade. University Students majoring in Music may volunteer in Music classes from Pre-K – 5th grade. Volunteers with proficiency in the use of web searches, the MS Office products, and Apple products may volunteer to assist with technology in classrooms.

Student Teaching Opportunities – Students of teacher education programs who seek to do student teaching should clearly understand and communicate the requirements of their program of study. For example if your program requires a mentor teacher who is certified in Oregon be advised that some of our teachers are certified in other countries. Also please understand and communicate the number of hours you are actually required to teach. Finally in order to teach in the language immersion classroom the student would need the equivalent of native level proficiency in the language and this would be evaluated by a current teacher at The International School.
